

The Bugle Inn

Statement of Accessibility

The Bugle Inn has level access to the property from the car park at the rear of the property.

Unfortunately owing to the history of the property, the toilets can only be accessed by three steps with a hand rail. If at any time assistance is needed please don't hesitate to ask a member of staff for help.

The letting accommodation again is accessed by a gentle flight of stairs.

The doorways into the downstairs bar and dining area are amply wide enough to facilitate wheelchairs and prams.

Again please do not be afraid to ask any member of staff if assistance or advice is required.

Pam and Simon Rodger
